Press Release

Wardwizard displays its entire range of electric two & three wheelers at the 4th edition of Green Vehicle Expo in Bengaluru

Vadodara, June 16, 2023: Wardwizard Innovations & Mobility Ltd., a leading Indian manufacturer of electric vehicles under the brand 'Joy e-bike,' showcased its entire range of marque electric two & three wheelers at the 4th edition of Green Vehicle Expo that began today at BIEC, Bengaluru.

The home-grown EV major also displayed its first electric three-wheeler Joy e-rik for the potential customers and the recently launched high-speed electric scooter 'MIHOS' at the expo. The company's products are very popular in the market due to outstanding features they come up with.

Talking about the exhibition, **Mr Yatin Gupte, Chairman and Managing Director, Wardwizard Innovations & Mobility Ltd** said, *"India is on the brink of an EV revolution and we are working to accelerate the penetration and adoption of EVs. Karnataka is a strategic market for us, and we are receiving a strong response from the customers for our products in this market. We aim to spread further awareness about our products in the state, strengthen our relationship with consumers, and enhance our presence. At present, we have 33 touch points across the state, catering to the growing demand for our products."*

The company witnessed record footfalls on the first day of the event. Consequently, it has raised its expected number of visitors in the three-day event. The visitors can experience the power of technology, the tech-prowess of India, and world-class electric two & three –wheelers at BIEC, Bangalore International Exhibition Centre, India at Stall No. C15 from June 16-18, 2023.

About Wardwizard Innovations & Mobility Limited

Wardwizard Innovations & Mobility Ltd. is one of India's leading auto manufacturing companies in the Electric Vehicle (EV) segment under the brand name Joy e-bike. Being the first listed entity on BSE in Electric Vehicle manufacturing, it is mainly focused on the growth potential in the Indian EV segment to have a positive impact in the future. Given the current state of the environment, where fuel-powered vehicles account for the vast bulk of carbon emissions, the company is promoting improvement by offering cleaner, greener options that produce no emissions. With more than 10 models in its portfolio in both high and low-speed categories, the Company has established a strong presence in more than 55 major cities across India and aspires to boost this number throughout the country.
